If you truly are interested to learn about technology behind Bitcoin, you will have to take responsibility for your own education.

DO NOT respond to advertisements about Bitcoin on FB/TG/Twitter or spam emails or internet popup adverts. There is high likelihood that those are just scams.

DO NOT trust mainstream media, governments and the banks to tell you the truth about Bitcoin. They have their own agenda and don't have your best interests at heart.

DO your own research. Go onto these trusted sources and read and learn more:

If someone in your family or circle of friends know a lot about Bitcoin it might be wise to talk to them because they will likely give your their honest advice without expecting anything in return.

BE VERY CAREFUL of people that try to convince you that some other "crypto" is better than Bitcoin. There is a lot of want to be coins but there is only one true Bitcoin, BTC.

NEVER put any money into Bitcoin that you can't afford to. Buy weekly, small amounts or how much you can afford.

Here is a mini-guide to become a real sovereign bitcoiner:

1. Read, learn a lot about Bitcoin, what really is, how to use it, how to protect it. There's so much FREE information out there, YOU DO NOT HAVE TO PAY FOR IT.
2. Start using many different wallets
3. Start buying some small amounts, get used how to manage your addresses and funds
4. Start using 2-3-4 exchanges, having alternatives in place. Withdraw your BTC into your own wallets. DO NOT LET OTHER TO CUSTODY YOUR WEALTH.
5. NEVER SELL BACK FOR FIAT. Use BTC as money, start the Bitcoin circular economy
6. Start your own node, be your own bank
7. Start accepting BTC for your products/services
8. Start the Bitcoin circular economy, start paying your employees/providers in BTC
9. Close the bank accounts, fuck the banks
10. BE SOVEREIGN, teach others in your local community. Only like that we can change this shitty world

Let's talk again after 1 year.
